### James H. Brown To Guide M. O. D.

James H. Brown, partner in Stevenson-Brown, has accepted the chairmanship of the 1959 March of Dimes, according to the local National Foundation executive committee. Mr. Brown will guide the first March of Dimes to be conducted under the new health organization which has replaced the long-sustained National Foundation for Infantile Paralysis, the objective of which was to aid polio victims and find a means for controlling the disease.

With the discovery of the Salk vaccine, the efforts of the huge force of workers and medical personnel have been directed toward new objectives. Last July, a new organization was born, the National Foundation, which took on new responsibilities.

High on the list of health problems this new group faces are the central nervous system. The National Foundation will continue to aid polio victims, also, plus other new problems such as other virus diseases, arthritis, and other birth defects. One doesn't have to look far in any community to realize that a vast task this can be. 30,000 children are victims of rheumatoid arthritis alone each year. One child out of sixteen born each year has a significant birth defect. It is this group — up to age 18 at present — that will receive aid in much the same manner as polio victims did in the past.

It is well worth repeating, said Mr. Brown, that the funds raised during the annual March of Dimes go almost entirely for direct assistance to patients; to education of medical personnel; to medical research and to rehabilitation of patients.

Crawford County, in the past decade, has remained high on the list of counties who have received aid. At the same time, this county has always contributed its share toward the needs of the organization, and one year led the entire state in per capita contributions.

### \$25.00 In Cash To Be Awarded To Lucky Number Holders

Santa Claus Will Be In Town Too

The first of two free cash drawings for \$25 on each of two Saturdays by the Grayling Business Association will be held this Saturday afternoon on the Court House lawn.  
All the lucky winner need have is the number in the front page of this week's issue of the Crawford County Enterprise. The number drawn is the same as that in the copy of the newspaper which you have, you'll win some free money.  
Also both this Saturday and next, the members of the Business Association are cooperating to have free movies for the kiddies during the afternoon. The movies will be shown in the dining room at the Grayling Legion Hall on US-27 just south of the river. While the kiddies are enjoying the free movies it will give mom and dad a chance to do some Christmas shopping, knowing their children are safe and entertained.

The movies will get underway at 2 p. m. on both Saturday, December 6th and 13th. They will run for two hours, which means the kiddies will be getting out about 4 p. m. The free cash drawings on both of the same days will be held at 1:30 p. m. which will give folks chance to attend the drawings and still get their kiddies to the Legion Hall for the movies.

Santa Claus reports that he has been getting lots of nice letters from the children of the area and he urges every boy and girl to send him a letter. Each child will receive an answer from Santa Claus with a check for \$1.00 and deposited in one of the boxes in a cooperating Grayling store, may bring the child a very fine gift.

Saturday, December 20th, Santa Claus will make his drawing from all of the tickets which the kiddies have been given by Santa and deposited in boxes in Grayling stores after being properly filled out. Some lucky child will be the winner of a really fine gift, absolutely free.  
Named to the various committees to handle the different parts of the drawing are: Mrs. Lillian Houghton, Bill Hunter, Ernest Reehorst and Mrs. John Hunter. Some lucky child will be the winner of a really fine gift, absolutely free.

### Legion Plans Annual Kiddies Christmas Party

Plans are being made for the 13th annual kiddies Christmas party by the Grayling Post of the American Legion. The date has been set as Saturday, December 20.

**Sports Park Plans Dec. 6th Opening**  
Weather and electric work permitting, the Grayling Winter Sports Park will have two slopes open for skiing this coming week, December 6th and 7th. Winter Sports Association President Bill Joseph announced on Tuesday.

The primary lines for lighting the slopes have been installed, and new ropes for all the slopes have been ordered. It is estimated at this time that the electrical work will be completed in time to open the Park this weekend, and highly probable that the new rope will be installed in time for the following weekend of December 13th. All that is needed is cooperation from the weather to start the winter sports season this Saturday.

Membership dues for the 58-59 season at the Park make fine Christmas presents. Mr. Joseph suggests. The Association has new arm patches ready for distribution with each new membership, which may be purchased from Mr. Joseph, Mrs. B. E. Henig, or at the Park. Membership fees are as follows:

Full family membership (includes all children under 18)	\$35.00
Couple Membership	\$25.00
Single Membership	\$20.00
Student Membership (through college)	\$15.00

President Joseph asks that winter sports fans check at the Park this weekend to see whether the Park is open, as is presently planned for and hoped. The phone will be connected, the number being Grayling 5427.

**Woman's Club**  
The Grayling Woman's Club held its regular business meeting Monday night, December 1st, at their clubhouse. Work is still going on in decorating the club.

A dress length of material, also provided by the Celenese Corp. as a door prize, was won by Mrs. Tony Buron.

Lunch was served by Mrs. Elmer Fenton and Mrs. Rex Hawkins and Mrs. Glen Fenton.

The Club's next meeting will be December 15th. This will be a Christmas party. Instead of bringing a gift for another member, members are asked to bring 50¢ gift for the clubhouse.

December 22nd the Club will join the Kiwanis members at the Grayling School for the three gifts for underprivileged children.

Tuesday morning of this week a very successful coffee hour was held. Mrs. Carl F. Fardew's home from ten to eleven o'clock, to raise money for the Self Help with Care project sponsored by the general Federation of Women's Clubs.

### Blue Devils Will Give Stiff Test

The Grayling High Vikings will open the current basketball season this Friday night when they entertain the Gaylord Blue Devils in a conference game for the lid.

The Blue Devils are expected to give Grayling a very stiff test as three regulars have returned for Gaylord and several well-seasoned players have been brought up from Gaylord's strong reserve team of last year.

Head coach Bruce Smith has decided on four of the starters for the Friday night clash but is reserving judgement for the fifth post until workouts are completed this week. Sure to start at the forward posts are 6 foot, 2 1/2 inch Frank Gross and 6 foot, Roger Hatfield. Six foot, 6 inch, Jack Hull will hold down the pivot post with 5 foot, 11 1/2 inch, Oscar Horning at one of the guards. Fighting it out for the other guard post are 5 foot, 11 inch, Curt Smith, 6 foot, 4 inch, Gary Springs and 6 foot, 2 1/2 inch, Dave Wyman. Others who may see action are Marshall Atkinson, Bill Heath, Jim Kessler, Don Leslie, Roy Lovely, Dick MacLeod. Average height of the varsity starting five will be about 6 foot, 2 inches.

Junior varsity coach Don Ferguson said that Ted Horning and Mike Roberts would be starting forwards for the reserve team. Joe Robertson and Jim Sorenson will be at the guards with Bill Vespe at center. Other reserve players who will probably see action during the preliminary game with the Little Blue Devils are: Ted Carlson, Mike Lovely, Sherman Neal, Steve Sink and Jan Thayer. The jayvees starting five will average about 5 foot, 10 inches in height.

The Vikings had a little trouble but finally managed to fight out a win over the Harrison Hornets in an unofficial practice game here last Tuesday night. After trailing by 9 points at halftime, the Vikings battled back for a 47 to 41 victory. Grayling took a slight edge in the first period but were very ineffective in the second period, seeing their slight edge disappear into a 9 point deficit.

The Hornets are conceded this year's championship in the Tomahawk Conference by most game experts in their area. They are felt to be one of the most, if not the most, powerful class C high school quintets in Central Michigan. One Vikings upsetting of the game gives notice that the Grayling and white will be a cage team for their opponents to reckon with.

**Glee Club Christmas Cantata, December 15th**

## Don't Increase Tax Burden . . .

According to reports from Washington, public outcries are being heard against proposals to increase the Federal gasoline tax. Reason for the proposals is a Treasury Department statement disclosing that the Highway Trust Fund, from which the Federal government reimburses the states for 90 per cent of the cost of the huge new multi-billion dollar Interstate System, is operating in the red.

Speaking editorially, the Scripps-Howard newspapers, strong advocates of the highway program, urge that spending be reduced to the extent necessary to putting the Trust Fund on a pay-as-you-go basis. An official of the American Automobile Association said his organization would fight any further increase in taxes.

The automobile is certainly not a luxury in this country. It's a necessity to millions of families and the cost of gasoline is an important factor in their daily lives. And the gas taxes, state and Federal together, are a real burden. Actually, the price of gasoline, before these taxes, is less than it was 25 years or so ago — something that can be said of mighty few commodities. The higher price we pay is due to the taxes which, of course, are totally beyond the oil industry's control.

It's to be hoped that the reported public outcries reach a very high decibel level. The gasoline taxes are plenty burdensome now.

## Smearing The FBI . . .

At its 40th annual convention last September, the American Legion went on record commending the FBI and its director, J. Edgar Hoover, particularly for their work in protecting the nation from communist subversion.

Since then the Legion's National Commander has been repeatedly asked: "Why was it necessary to reiterate a confidence in the FBI and Mr. Hoover shared by every loyal American?" Here is his answer: "There are some individuals in this country and certain publications determined to discredit the FBI and its Director — That a deliberate 'smear Hoover and the FBI' campaign, similar to the Communist Party's unsuccessful efforts of 1940, has been launched is no mere supposition."

He then cited several specific examples — including a publication branded by a Senate sub-committee as the organ of a communist front organization.

The truth is that the FBI, under Mr. Hoover, has gone to every length to respect and defend the rights and

## "LOOK, MOM"

freedoms laid down by the Constitution. At the same time, it has done an absolutely invaluable work in exposing the communist conspiracy. A successful "smear campaign", which undermined public faith in this great organization, would perform yeoman service for the Kremlin, its agents, and its followers.

From where I sit... by Joe Marsh

## One Man's Hen is Another Man's Rooster

My last column was about Whitey Fisher and his chicken farm—and now Whitey has made news again.

Whitey entertained some folks from the city last weekend and they toured his modern barn. The visitors asked all sorts of questions. The best was: "How do you tell if the two-day-old chicks are hens or roosters?"

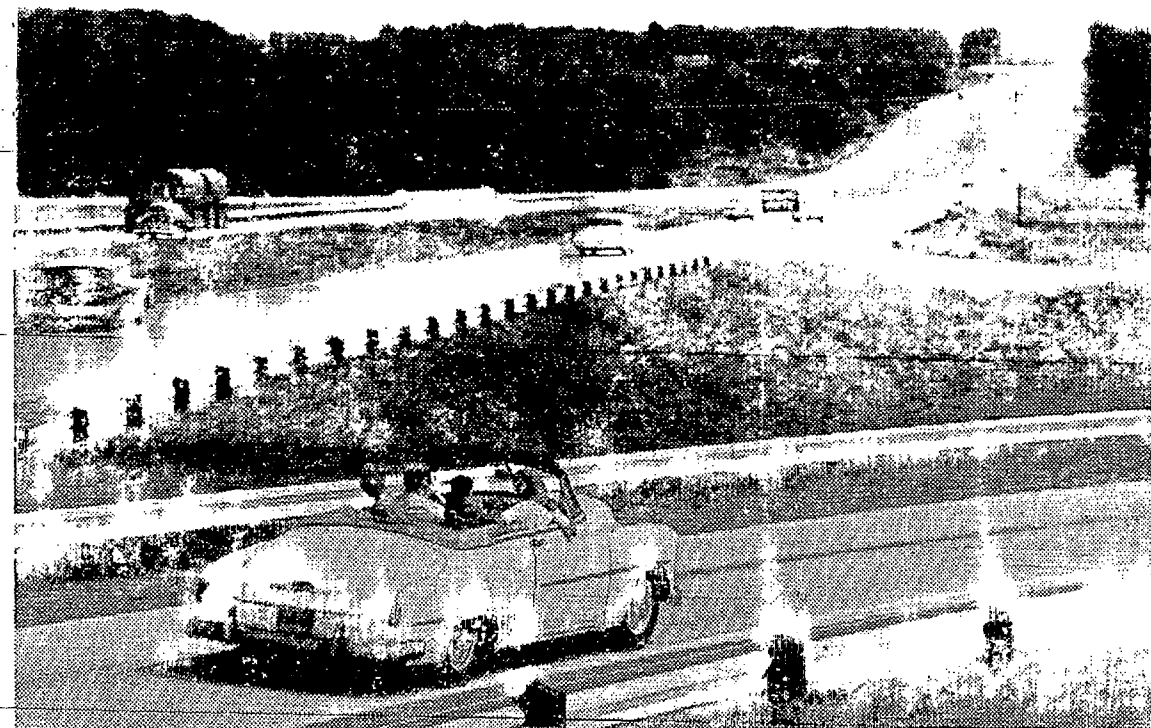

"Easy," answered Whitey. "Just take the chicks one at a time. Place some corn meal in front of it. If she eats it, she's a hen. If he eats it, he's a rooster."

From where I sit, some answers that sound like they make sense turn out to be the silliest of all. For instance, a friend recently objected to my choice of a glass of beer with supper. When I asked him why, he replied: "I've had only coffee with my dinner for the last twenty years." Now that's not only silly—it's intolerant too. Neighbors ought to tend to the "eggs in their own baskets."

## Michigan drivers go 1st class!

It's CONCRETE . . . so it will  
last you 50 years, and then some!

When they give you modern concrete—they're giving you the best. Michigan highway engineers have always known this—that's why so many of the State's big roads are concrete.

And that's why concrete is the preferred pavement for the new Interstate System—the biggest highway project ever planned.

Concrete pavements have outlasted other types 2 to 1. The new roads will do even better! Fifty years from now, cars will be rolling smoothly on this same concrete . . . and the same surface. (It won't have been resurfaced 4 or 5 times).

Concrete grows stronger with age—doubles in strength in 20 years. Other paving materials act just the opposite. Sun, rain, freezing can't hurt concrete.

That's why it stays flat and smooth riding—doesn't get rippled and wavy. That's why, too, upkeep costs stay so low—up to 60% lower than for asphalt. Yet, surprisingly, concrete roads usually cost no more than asphalt built to carry the same load.

Engineers build for your safety; Concrete means a skid resistant pavement—and one that lets you see better at night.

A modern concrete road is a solid investment in a lifetime of pleasant driving for you.

## Bear Lake News

By M. D.

Well it is here and gone and from all reports it has been a very good season. A good buck kill and not many does taken around here.

The wild Bill Rays were the first up and the last to leave. The first buck to hang up here was shot by Frank E. Bendau of Ypsilanti. Next in was Hilton Foster, 7 point, from Sparta, Mich. Then John Bunbury, 10 point, from Rockford, Mich., and Randy Harlow, 3 point, from Ulica, after that too busy to keep count.

The hunters staying at the Eagle Nest reported four 4-point bucks and a doe. The Hendricks hunters, three bucks; the Douglas hunters, two bucks; and the Joe Newmans' hunters, a blank; also the Dingmans, a blank.

A local hunter, Bill Dyer got a doe; also Babe Lloyd got a very big doe, her first deer.

Evert Worthington from Ohio shot a mystery deer, a chain and padlocks could not hold it. It disappeared so many times when he found it he was not sure it was his deer. That's the story on the deer season.

Kitty Dyer is home from the hospital now and is better. Beth Ann, is staying with her for a while.

Red Robison is still in the hospital, but hoping to be home soon. Hugh Browners is in the Grayling hospital with a broken ankle. He has a cabin on Bear Lake.

The last report from John Hartley, he is doing fine. He is staying in Jackson, with his sister.

Amos Hoelsi just returned from Bois Blanc Island with one-half a deer and tells us he is leaving for Bradenton, Fla., Tuesday for the winter.

John and Olga Carr from Lansing gave us a good hand like they always do.

Eugene Phaneuf from Flint was here too, no luck.

One of the most surprised hunters was Vern Blanton from Orionville. He was sitting on a run way near Mallard Lake all by himself when a big red setter jumped on his back and he said all he could see was claws and teeth.

### Letters To The Editor

Daytona Beach, Florida  
November 23, 1958

Hi Folks:  
Thought I'd send a little news from this end of the line for your paper.  
First of all we are very happy to have Bob and Patty here in Daytona Beach with us. They are residing in the Riverside Trailer Park, facing the Halifax River and have been helping in the store. Don Jensen and Lloyd Felling stopped overnight to visit on their way to Marathon.

Sid Madden and Richard Moore arrived here about a week ago and have been enjoying our beautiful weather. S/2 Bill Holzman just returned from Cuba to his home port, Charleston, S. C., and came home over the weekend. So the boys have had fun fishing and seeing the city together.  
We like Daytona very much and hope those who are coming south this winter will stop in and see us.  
Joe and Zephia Holzman

Welsh Motor Sales was honored last week by Automobile Club of Michigan for its service to Grayling-area motorists. Auto Club made the award to commemorate its 10 millionth emergency road service call since that service was established in 1922. The award was presented by Wesley Duffee of Auto Club's Road Service Department to (left to right) Robert, Thomas and Fred Welsh.

The station, affiliated with AAA for 12 years, was among 372 in Michigan receiving an award for five or more years' service to 6,000,000 AAA members in the U. S. There are 110 stations with 15 or more years' service among 683 AAA-franchised garages in Michigan.

In 1922, Auto Club handled fewer than 1,000 road service calls. Most of them were for flat tires. Last year, the Club answered 867,000 calls, mostly for battery and ignition failure. Auto Club aided its 10 millionth motorist November 6 in Detroit.
